ITINERARY DETAIL

DARWIN'S ROUTE FROM USHUAIA

DAY 1 USHUAIA CHECK-IN

Between 10:00 and 17:00 hrs, we will check-in at the office of Tolkeyen Patagonia Turismo, to embark at 6:00 PM.

After boarding, we will gather on the fifth deck for a welcome toast and to meet the Captain and his crew.

The ship will sail to the far south immediately after. Through the mythical Beagle Channel and the Strait of Magellan, we will travel through Patagonia and the channels of Tierra del Fuego.

USHUAIA

DAY 2 CAPE HORN AND WULAIA BAY

We will sail through the Murray Channel and Nassau Bay, arriving at Cape Horn National Park, where we will disembark, if weather conditions permit, to experience the magic of walking through one of the southernmost points of the world, surrounded by charm and legends.

In the afternoon, we will disembark at Wulaia Bay, a historic site of one of the largest settlements of the native Yagans canoeists. We will reach a viewpoint, walking through the Magellanic forest, where lengas, coigües, canelos, and ferns grow, among other species.

CAPE HORN

WULAIA BAY

DAY 3 PIA GLACIER AND PORTER GLACIER

In the morning, we will sail along the northwest arm of the Beagle Channel to enter and disembark in the Pia Fjord. We will arrive to the viewpoint from where we can see the homonymous glacier, whose main peak extends from the top of the mountain range to the sea.

During the afternoon, we will embark on a Zodiac boat navigation excursion, without disembarking. We will advance between high rocky walls to reach, at the end of them, the imposing Porter Glacier and be able to contemplate it face to face.

PIA GLACIER

PORTER GLACIER

AGUILA GLACIER

CONDOR GLACIER

DAY 4

AGUILA GLACIER AND CONDOR GLACIER

In the morning, we will navigate the Cockburn Channel to enter the Agostini Sound, where we can appreciate the glaciers that descend from the center of the Darwin Mountain Range, some of them reaching the sea.

After breakfast, we will disembark via Zodiac boats for a walk around a lagoon formed by the melting of the Aguila Glacier. In the afternoon, we will navigate in Zodiac without disembarking, to approach the Condor Glacier at a privileged distance. We will learn about the formation of glaciers and their influence on the abrupt geography of the Fuegian channels.

DAY 5

MAGDALENA ISLAND AND PUNTA ARENAS

At first light, if weather permits, we will disembark on Magdalena Island, a mandatory stop for the provisioning of ancient navigators and explorers. During our walk to the lighthouse, we will be able to appreciate a colony of Magellanic penguins. In September and April, this excursion is replaced by a landing on Marta Island, where South American sea lions can be spotted from Zodiac boats. Finally, we will arrive in Punta Arenas, disembarking at 12:30 hrs. to explore the city and enjoy its restaurants, shops, and museums, among other things.

Boarding at 18:00 hours once again followed by a welcome toast and presentation of the Captain and crew. Subsequently, the ship will set sail towards the southernmost point of the region. Through the legendary Strait of Magellan and the Beagle Channel, we will continue exploring Patagonia and Tierra del Fuego.

MAGDALENA ISLAND

PUNTA ARENAS

AINSWORTH BAY

TUCKERS ISLETS

DAY 6

AINSWORTH BAY AND TUCKERS ISLETS

We will reach in the vicinity of the Marinelli Glacier in Ainsworth Bay to learn how life resurfaces after the ice has melted and hike through the wonderful sub-Antarctic Magellanic forest.

We will visit the Tuckers Islets, where we can see Magellanic penguins and cormorants from the Zodiacs. Due to the migratory cycle of the penguins, in September and April, this excursion is replaced by a short walk to a glacier at nearby stunning Brookes Bay.

DAY 7

PIA GLACIER AND GLACIER ALLEY

We will sail along the northwest arm of the Beagle Channel to enter and disembark in the Pia Fjord. We will arrive at the viewpoint from where we can see the homonymous glacier, whose main peak extends from the top of the mountain range to the sea. After this unforgettable experience, we will continue our navigation under the majestic gaze of the "Glacier Alley" to enjoy spectacular panoramic views from the ship.
