

AUSTRALIS®  
CAPE HORN & PATAGONIA

AUSTRALIS  
**AND THE ART OF PHOTOGRAPHY**  
WITH NORI JEMIL

# NORI JEMIL

FREELANCE PHOTOGRAPHER FOR THE NATIONAL GEOGRAPHIC TRAVELLER UK. AWARD-WINNING PHOTOGRAPHER WITH WANDERLUST AND THE BRITISH GUILD OF TRAVEL WRITERS.

Expert photographer Nori Jemil has lived in Santiago de Chile for many years, visiting Patagonia multiple times during her time there. Photography is her passion and she has been widely recognised for it across the world, making her one of the best possible candidates to lead onboard seminars with Australis, explaining how to create fantastic images, understand the proper use of light, angles and lenses to get those perfect Patagonian pictures, even in difficult conditions.

Whether that's a unique landscape, sunset or

wild animals, we'll hold workshops to get the most out of your camera, with a focus on manual photography and the general improvement of picture composition.

Nori will accompany you on excursions too, meaning she can answer any questions directly while also applying her expert eye to your shots. And, at the end of the trip, you'll have the opportunity to edit photos, get further practical tips to improve the shot and overall celebrate the results with the rest of this exclusive, small group of fellow photographers.

## DEPARTURE 2024

**FEBRUARY 12, 2024**

from Punta Arenas to Ushuaia  
4 nights on board Stella Australis
